

São Tomé and Príncipe us3000c lithium battery

What is a pylontech us3000c battery?

Discover the cutting-edge US3000C,Pylontech's latest mid-range lithium battery. Compatible with various inverters,it seamlessly integrates with other US models for flexible installations. Benefit from advanced BMS software,ensuring equal cell charging.

What is a us3000c battery?

It has a capacity of 3.5 kilowatt-hours (kWh) and a rated voltage of 48 volts (V). The battery uses lithium iron phosphate (LiFePO4) chemistry,which is known for its high safety,long cycle life,and good thermal stability. The US3000C is a modular battery,which means that it can be easily scaled up by adding additional units in parallel.

How does the us3000c battery management system work?

The US3000C also comes with a built-in Battery Management System (BMS), which helps to monitor the state of the battery and protect it from overcharging, over-discharging, and overheating. The BMS also helps to balance the charge between individual cells in the battery, which helps to improve the overall performance and lifespan of the battery.

How many kilowatts can a us3000c battery deliver?

The US3000C is a modular battery,which means that it can be easily scaled up by adding additional units in parallel. The battery has a maximum charge/discharge power of 3.5 kilowatts(kW),which means that it can deliver or accept up to 3.5 kW of power at any given time.

Why should you buy a us3000c?

Benefit from advanced BMS software,ensuring equal cell charging. With a proven track record in over 5,000 homes,the US3000C boasts an extended lifespan,industry-leading energy density,and easy expandability. Now features an impressive 95% depth of discharge and double the capacity with 16 parallel installations.

What is the best solar battery in South Africa?

This great battery now offers a whopping 6000 cycles at 95% DOD ! As one of South Africa's best selling batteries, PylonTech offers the best in design, functionality and safety . US3000C solar battery prices are competitive and offer scalability with the ability to parallel up to 16 batteries.
