Does HD renewable have a Taiwan Innovation Board?

HD Renewable became the first company to list on the Taiwan Innovation Board this year and the second after micro-LED supplier PlayNitride Inc (????), which started trading its shares on the new board in August last year. The Taiwan Stock Exchange launched the TIB for start-ups in July 2021.

Will HD renewable become a smart electricity company?

"It is our goal to become a smart electricity company, to make renewable energy more available and accessible for the public," HD Renewable chairman Hsieh Yuan-yi (???) told a news conference at the Taiwan Stock Exchange (TWSE).

Why are Taiwanese energy providers focusing on a 'China plus one' trend?

Capitalizing on the 'China plus one' trend and the surge in Taiwanese companies' investments in the region, energy providers are strategically positioning themselves to cater to the burgeoning demands of the Taiwanese supply chain while simultaneously exploring opportunities in Southeast Asia, Northeast Asia, Australia, and beyond.

Are Taiwan's energy giants pursuing green energy in Southeast Asia?

The quest for green energy has intensified as nations strive for carbon neutrality. Taiwan's energy giants are nurturing the domestic green energy market and setting their sights on expanding across Southeast Asia and beyond.
