The Tenka Power Center 7100 Series is a breakthrough in three-phase solar inverters, tailored for medium size PV systems. It's designed for exceptional energy yields, boasting 150% PV array oversizing and up to 5 MPPTs for optimal performance.

The Tenka Power Guard 2-2 DC junction box with integrated type 1 and 2 overvoltage surge protection is a high-quality solution for protecting solar systems equipment against any dangerous overvoltage such as direct and indirect lightning strikes or transient overvoltages.

Leader in the production of high-tech and performance solar panels Tenka Solar; Integrated efficiency and innovation, all from a single source Tenka Power; The most powerful source of energy in the universe: Solar Energy A Green Vision; ...

En Power Solar ofrecemos soluciones sostenibles y renovables para tomar control de tus necesidades energéticas. Como empresa líder en Puerto Rico, creemos en el poder del sol como recurso ilimitado y buscamos hacerlo más accesible a más puertorriqueños cada día.

With PrismaX ® technology Tenka Solar is the first company in the world introducing such revolutionary technology on mass production level. The PrismaX ® has a maximum efficiency of 29 percent and will be available later this year. ...

The Tenka Power Center 7000 series inverters combine durable design with high reliable performance, ideal for small and medium scale commercial and agricultural solar scenarios. These robust and compact inverters support 182/210mm PV modules and feature three independent MPP trackers with up to 32/40A DC input current each.
