

# Top solar companies in Brunei

Are solar panels legal in Brunei?

At the moment, there is no regulatory governing the installation of solar panel in Brunei. Companies follow international standards for solar PV systems that convert solar energy into electrical energy, as well as for all the elements in the entire system.

Is solar energy cheaper in Brunei?

Cabling and trenching works can be very costly due to the installation and maintenance process. Hence, for landscaping and outdoor lightings, solar is the cheaper and more convenient option. How can I maximize solar energy production in Brunei?

How many solar panels are there in Brunei?

The 3.3MW BSP Flagship Solar PV plant at Jalan Tengah, Seria, is Brunei's second solar power plant. It was completed in 2021 and started to produce electricity on 30 March 2021. With almost 7,000 solar panels, it is capable of generating power equivalent to 600 houses. [7][8] Solar panels installed on a Brunei government building in Temburong.

Does Brunei have a solar city?

Brunei also intended to build the Temburong Smart City, which would mostly rely on solar energy and be dubbed the "Green Jewel of Brunei." However, Brunei has only put in 1.2 MW of solar as of now as a demonstration project. It's reasonable to assume that the implementation of renewable energy is still in its infancy.

Who owns the solar plant in Brunei?

The solar plant in Brunei is currently operated and maintained by BSP. Agnete Johnsgaard-Lewis, BSP Managing Director and Shell Country Chair in Brunei, shared this information.
