

Trina 345 photovoltaic panels

How much power does Trina Solar produce?

Until now, Trina Solar has shipped dual-glass modules with a total output of more than 3GW, more than any other manufacturer. Trina Solar's next generation dual-glass modules incorporate half-cut cells and multi-busbar technology to enhance system reliability and power generation efficiency, while further reducing LCoE.

Who is Trina Solar?

Founded in 1997, Trina Solar is the world's leading total solution provider for solar energy. With local presence around the globe, Trina Solar is able to provide exceptional service to each customer in each market and deliver our innovative, reliable products with the backing of Trina as a strong, bankable brand.

Where is Trina Solar distributed?

Trina Solar now distributes its PV products to over 100 countries all over the world. We are committed to building strategic, mutually beneficial collaborations with installers, developers, distributors and other partners in driving smart energy together.

Is Trina Solar a good company?

Based on the annual report of IHS, Trina Solar has been ranked among Top 3 in terms of global module shipment for the year of 2016, 2017 and 2018. Further, Trina Solar has been rated as a Tier 1 firm by Bloomberg, IHS and others for consecutive years. With its strong financials, Trina Solar is in leading the industry.

What is Trina Solar Duomax N?

Empowered with i-TOPCon technology, Trina Solar Duomax N modules achieve an industry-leading output power of up to 430W. Trina Solar dual-glass series features high reliability in extreme conditions, an extended 30-year warranty and more power generation with the integration of half-cut, dual glass and multi-busbar technologies.

Why should you choose Trina Solar dual-glass series?

Trina Solar dual-glass series features high reliability in extreme conditions, an extended 30-year warranty and more power generation with the integration of half-cut, dual glass and multi-busbar technologies. We have gathered rich practical experiences from over 3 GW Duomax module installations.
