

True or false trademark of Trina photovoltaic panels

Are Trina Solar panels a good investment?

The federal solar tax credit alone reduces the cost by 30%. Price: Trina Solar's panels are about \$0.06 cheaper per watt than the average solar panel on the EnergySage Marketplace. Good specs: Trina Solar's panels' efficiency, performance, and degradation rates are competitive.

Is Trina Solar a good brand?

Trina Solar competes with some of the top brands on the market, but they're not number one in any category. Trina Solar does everything pretty well (efficiency, temperature coefficient, warranties, price, etc.), but there's usually a premium solar panel brand that does it better.

Who is Trina Solar?

Trina Solar is an innovative solar panel manufacturer that continuously advances its technology. The company prioritizes affordability and performance, resulting in reliable solar panels built with advanced technology. For its residential solutions, Trina Solar uses monocrystalline solar cells with multi-busbar, PERC, and bifacial technologies.

Are Trina Solar panels AA rated?

In recent bankability listing by PV Module Tech, Trina Solar were AA rated, which was the second high ranking. As a long standing brand in the Australian market, Trina Solar panels have been used across a broad array of residential, commercial and solar farm projects in Australia dating back to the early 2000s.

How do I know if Trina Solar is right for my home?

Ultimately, the best way to determine whether Trina Solar is the best solution for your home is to review multiple quotes with different solar equipment before deciding. Read EnergySage's review of Trina Solar, based on product specifications for every Trina solar panel series, to make your solar research process easier.

Does Trina Solar offer a warranty?

Trina offers a variety of product warranties, starting from 10 years for their cheaper options and going up to 30 years for their bifacial solar panels, which are designed for ground-mounted solar projects. Trina Solar have a new 'Vertex' solar panel range for the Australian residential market which offers a 25-year product warranty.
