A new age is dawning when it comes to renewable energy growth, and the Turks and Caicos Islands is making notable strides to transition to renewable energy sources. To this end, the territory's sole electricity provider FortisTCI recently inked a contract with Compass Solar at a TCI Energy Forum.

RELIABILITY - uninterrupted power supply guaranteed thanks to safe LiFePO4 cells, safety systems monitoring the operation of the device and >98% efficiency. All this with a 10-year warranty. ECOLOGY -

independent consumption of green energy from your PV

PowerNest is a home energy storage unit that will help you manage the energy generated from your PV system. Release yourself from the power grid and live the life you want! Do what you like.

Jean-Guy of the TCI Tennis Academy, a local tennis and pickleball instructor. While the highlight of a trip to the Turks and Caicos will undoubtedly be a visit to one of the world-class beaches for which the Turks and Caicos has become known, there are also a number of land sports and activities to be explored. One such activity is pickleball: a fun, social, and relatively low-stake ...
