

There are no flights to Tuvalu's outer islands; they're accessible by passenger ferry from Funafuti, and it can be a long trip (overnight or multi-day trips aren't uncommon). 6. Keeping cool. The weather doesn't vary much throughout the year: it's always hot (a little over 30C) and humid. It's a good idea to bring cool, loose ...

The impact of clean technologies, also known as Cleantech, is already a tangible reality -- for the first time, wind & solar energy made up 30% of the EU's electricity generation in the first half of 2024, surpassing fossil fuels. These new key players are significantly reducing our carbon footprint, and transforming businesses, communities, and our lives toward ...
