With AC input up to 2000W, the power station can be fully charged in around 1 hour. -> Ultra-low Standby Power... \$0.00. \$0.00. Unit price / per . Quick Add

Product Highlights? Portable Power Anywhere: Take the S500S Portable Power Station wherever you go for reliable power on-the-fly.? Solar-Powered: Effortlessly recharge with solar energy ...

Experience the ultimate in portable power with the Marstek USA S1000P-S. Designed for versatility, reliability, and convenience, this power station is your go-to solution for all your ...

Portable outdoor power supply. MARSTEK's portable outdoor power supply adopts a stackable design, featuring a rugged appearance and a strong sense of technology. It is easy to carry and install, and a single system's maximum capacity can be expanded up to 6720Wh, with multiple power inputs and outputs from

500W to 2400W.

When running off-grid (i.e. power outage or grid failure), the 5kW~7.5kW high power can easily meet daily electricity consumption, while also quickly arbitraging peak and valley price differences, realizing energy recovery and utilization, and saving electricity bills. MARSTEK fully utilizes the advantages of the entire industrial chain.

Option 1: The Warranty Period on B2500/P2500 extends from 3 Years to 5 Years automatically. And provide a 100USD coupon for unlimited purchase accessories on MARSTEK ENERGY website. (e.g. one smart meter). Option 2: The Warranty Period on B2500/P2500 extends from 3 Years to 5 Years automatically. And provide 50% discount for new purchase of P2500 Extra ...
