

Ultra solar energy solutions Belgium

Are solar panels a good choice in Belgium?

We quickly realized that the quality of solar panels available in Belgium was uneven. Faced with this observation, we invested in quality control equipment for solar panels. This led us to seek more reliable and sustainable solutions for our customers. In 2012, we took a major step by becoming manufacturers of photovoltaic panels.

Why should you choose Belga solar?

Belga Solar offers the most efficient, reliable, and sustainable photovoltaic solution on the market. YEARS! WHY CHOOSE BELGA SOLAR? At Belga Solar, we offer you more than just solar panels; we provide a complete energy solution.

When is the European trade fair for solar energy for the Benelux?

European trade fair for solar energy for the Benelux. The 13th edition of InterSolution, the number-one networking and trade fair for solar energy for the Benelux, will be held at Flanders Expo in Ghent, Belgium, on Wednesday 29 and Thursday 30 January 2025.

Who is solwatt & what is a photovoltaic company?

We began our adventure in the photovoltaic sector in Belgium in 2007. At that time, the market was experiencing strong growth thanks to the Solwatt plan and green certificates. Initially, we were only installers of photovoltaic panels in the province of Liège, but our company has expanded.

The total capacity of the new PV module factories of Belinus will exceed 5 GW by the end of 2025. The cell technologies used will be high-efficiency TBC & TopCon, and the locations will be Belgium and Georgia.
