

Uruguay nibe energy systems

Who is NIBE Energy Systems?

NIBE Energy Systems is a market leader for heat pumps in Europe and one of Europe's major manufacturers of water heaters and other energy-efficient products for heating and cooling.

Are Nibe water heaters energy efficient?

NIBE offers households peace of mind with its reliable, energy-efficient water heaters. Washing machines and tumble dryers, which make life easier for many of us, also need to be energy efficient. They contain several components made by NIBE. Energy conservation and thermal comfort

What is Nibe's brand promise?

NIBE's brand promise is to offer sustainable energy solutions, which means that it has always been natural for us to work to a sustainable society any ways that we can. By delivering long-term sustainable value to our customers, we are also able to maintain good profitability and help contribute to global development goals.

Starting in Markaryd, Sweden, NIBE has been manufacturing energy-efficient and sustainable climate solutions for over 70 years. Designed to work in colder climates and combined with smart technology, we harness the power of nature to heat your home without it costing the earth.
