

Who is Stora Enso?

Do you want to know more about Stora Enso? Our solutions for paper, packaging, wooden construction and biomaterials are today found across continents and industries. We are active in sectors such as building, retail, food and beverages, manufacturing, publishing, pharmaceutical, cosmetics, confectionary, hygiene and textiles.

How did Stora Enso perform in the third quarter?

Stora Enso's Packaging Materials division stood out in recent financials, especially in the third quarter. The division focuses on renewable and recyclable packaging from virgin and recycled fibers. It posted an 11% sales increase and EUR107 million in profit growth.

Is Stora Enso a good stock to buy?

Stora Enso, a historic company in renewable materials, shows potential despite a 25% YTD stock drop and high valuation multiples. Impressive dividend growth and cost efficiency highlight management's commitment, but recent revenue and profit declines raise concerns.

Luxury group LVMH has a long heritage of delivering products that come with memorable unboxing experiences. By choosing Ensocoat by Stora Enso for the packaging of Givenchy's new fragrance, LVMH ensured that every aspect of the product, in terms of appearance, stiffness and haptic quality, would meet the highest standards.

Here's where Stora Enso's new kraftliner differs from the rest: AvantForte WhiteTop has 3 layers that are all enforced using 100% virgin fibers only. This advanced Tri-Ply(TM) technology guarantees superior compression strength, bending stiffness and humidity performance - the ability to withstand natural elements and other tough conditions.
