

Solimpeks is a Turkish company dedicated to manufacture and market solar thermal and photovoltaic thermal hybrid solar collectors worldwide. The company's broader product line is exported to 60 countries, with European Union countries comprising about 70% of sales.

Solimpeks is one of 5 biggest solar thermal manufacturers of Europe. Solimpeks is in top 10 in global solar thermal market in terms of production and sales. Presence in more than 60 countries worldwide. The fastest growing company among the solar panel manufacturers.

Solimpeks beginnings date back to 2001. The well-educated partners accelerated the growth in a short time and carried the competition outside of Turkey. Now the company is the world's leading manufacturer of high-quality solar thermal collectors, pv-t hybrid collectors, thermosiphon systems and related mounting systems.

Solimpeks is a Turkish company dedicated to manufacture and market solar thermal and photovoltaic thermal hybrid solar collectors worldwide. The company's broader product line is exported to 60 countries, with European Union countries comprising about 70% of sales. Solimpeks PV-T products are the first hybrid panels which are listed on the Microgeneration

Solimpeks products are manufactured using the latest proven industry methods in order to ensure quality and the lowest failure rates. From robotic production lines with a high level of automation to custom-made product-specific
