The original Community Energy Dashboard/Energy Atlas was published in 2016 to help towns, businesses, and individuals take action to help Vermont meet our 90% renewable by 2050 goals, and to track our collective progress along the way. The Dashboard was designed to track progress toward the Comprehensive Energy Plan, and was created prior to ...

VECAN is the network of over 100 Vermont town energy committees and the organizations that support them. Town energy committees are leading a powerful grassroots response to the pressing need to be more energy efficient and generate more in-state renewable energy while reducing greenhouse gas emissions.
