A French delegation visiting Morocco with President Emmanuel Macron on Tuesday unveiled investment plans in the disputed Western Sahara as part of a broader suite of agreements and partnerships between the two countries.

Is the Sahara based on economic resources?

The idea of the economic viability of the SADR being based on its economic resources is also found in Shelley (2004) and echoed by MINURSO and UN Special Envoy to the Sahara, James Baker. Kingsbury (2015) establishes that Western Sahara is illegally and militarily occupied by Morocco.

Where is the Western Sahara located?

The Western Sahara is a former Spanish colony in northwest Africa that is roughly the size of the United Kingdom and claimed by both Morocco and the pro-independence Polisario Front, which is based in Algeria and governs a sliver of land that lies beyond a Moroccan-built sand wall.

Is Western Sahara occupied by Morocco?

Kingsbury (2015) establishes that Western Sahara is illegally and militarily occupied by Morocco. Moreover, he notes (and, given recent events, has been proved right) that as a growing source of discontent and conflict, the continued exploitation of its resources by the Moroccan administration risks a return to armed conflict by the SADR.
