Who are Africa's leading solar energy companies?

As a pioneering renewable energy company, Solar Africa has been named the continent's leading solar energy firm twice, scooping the prestigious African Solar Company of the Year award in 2021 and 2023 at the Africa Solar Industry Association (AFSIA) Awards held in London and Nairobi respectively.

Is South Africa a good place for solar power?

Solar power is also reliable and consistent, and sunny South Africa offers an ideal solar environment. Most areas in the country average more than 2 500 hours of sunshine per year, making South Africa the world's third best solar location after the Sahara and Queensland in Australia. I am writing to recommend the services of Sunworx.

What services does Sub Sahara solar offer?

Our suite of services is designed to navigate you through every phase of your solar project, with a steadfast commitment to excellence and customer satisfaction at the forefront of our mission.
