Without solar panels, we would be paying approximately \$600-700 per month for our power bill. With solar panels, we produce enough energy to earn a credit from the power company. At the end of 2019, Guam Power Authority actually cut us a check in the amount of \$574.34 for all the extra power we had fed back to them during the year.

From the solar panels on the roof, to the inverter and battery storage system on your wall, our unmatched Sunnova Protect warranty covers all solar+battery storage system components, eliminating out-of-pocket expenses for system maintenance or equipment repairs or replacements, including labor and a 10-year roof warranty.
