How much do Yingli solar panels cost?

Yingli's solar panels will cost you anywhere between \$2.50 and \$3.10 per watt. For reference, an average 7kW solar system can cost you about \$21,000 before the federal tax credit. You can expect Yingli Solar panels to be slightly below the average because they are known as a less expensive brand.

Are Yingli solar panels UL certified?

The YGE 60 Cell is a highly versatile choice and is the Yingli Solar signature product. The panels are compact enough to fit on residential roofs comfortably. This series is also UL and IEC certified. [Get Free Solar Panel Quotes: Get quotes and compare prices.](#)
