Why should you choose World Solar Solutions Zambia?

World Solar Solutions Zambia || Solar Power Systems For You. Enjoy lower energy bills and a greener lifestyle. Reduce your energy bills and enhance sustainability. At World Solar, our mission is to provide innovative and sustainable solar solutions that reduce carbon emissions and foster a cleaner, healthier planet for future generations.

Why should you invest in a photovoltaic system in Zambia?

Zambia provides optimal conditions for photovoltaic (PV) with average irradiation rates of 5.5 kWh/m²·h. To harvest that huge source of energy we provide a wide range of photovoltaic solutions for the residential, business and social sector. In general, PV systems can be divided into on-grid and off-grid systems.

What is the purpose of a solar inverter?

The purpose of an inverter is to convert the direct current (DC) which is generated by the solar panels into alternating current (AC). The AC power can then be used by any electronic device. Our PV solutions combine the solar array and the inverter with a battery bank and/ or a diesel generator.
