

FranklinWH is available in distribution via BayWa r.e., Greentech Renewables, Inception Energy, Fortune Energy, The Power Store, Van Meter, Inter-Island Solar Supply, R&R Solar Supply, and SolWel. FranklinWH's ascent in home energy storage is due to its flagship system, Franklin Home Power (FHP), which is more robust than a typical ESS.

FranklinWH is a research-driven company focused on next-generation residential energy management and storage solutions. Headquartered in the San Francisco Bay Area, FranklinWH's team has decades of experience in energy systems, from design, through manufacturing, to sales and installation.

When a completely new name like FranklinWH made its initial U.S. rollout at Intersolar 2022, touting a true "whole home solution," I was curious how it would fare. One year later, and FranklinWH has arguably made more strides than any other home ESS company.

FranklinWH's steady ascent is definitely due to the merits of its flagship system, Franklin Home Power(FHP), which is more robust than a typical ESS.

ESS installers on the island of Oahu can now reference the FranklinWH Home Power M&M Certification to fast-track the standard residential permitting process, shortening permitting delays by almost six months. Since this announcement, US-GM and cofounder Gary Lam says "one of the top 5 players" on the island is now exclusively installing FranklinWH.

We really like our new Franklin battery system. The installation was very straightforward. It seems to be
operating very well unnoticed in the background. ---- Bruce Scott. We have a 3 battery system and it works
extremely well. We have had a great experience and feel we received great value in choosing the FranklinHW
system.

The combination of a generator and the FranklinWH system provides uninterrupted power to homes for a long
period. The Generator Module adds generator support to the FranklinWH aGate in order to provide a complete
home energy management solution.
